

Hell House family and friends,

As many of you know we are living in some challenging and crazy times. We wanted to take this opportunity to share our heart and connect with you. Due to Covid-19, our leadership team has decided it would be in the best interest of everyone to postpone Hell House 2020. Our hearts break at the fact that we cannot gather, serve and minister in the form of Hell House this year.

The safety and well-being of you and our team is most important to us. However, even though we will not have Hell House 2020, we are going to be praying for you, your team, your church and your family during this fall season and these difficult times we are maneuvering through together. We love and appreciate your commitment to Hell House over the years, and ask that you pray for our directors, staff and volunteers as we re-group and look to the future of Hell House. We are so excited for Hell House 2021 and look forward to new improvements and ways to reach people for the Gospel of Jesus Christ.

God Bless You
